

Being Human

The Big Idea

Your body is like an engine that never stops working. By knowing how the body works we can learn to look after it better and stay healthy. Do you know how to look after your teeth, heart, bones and muscles? Let's find out.

In Science, we'll be finding out:

- How humans are different from other animals
- About the brain and the nervous system
- About the bones and muscles in the body
- How the human heart works
- How we breathe and what the lungs do
- What we inherit from our parents
- How our environment affects us
- How the body uses food and water
- About the latest medical research

In Technology, we'll be finding out:

- How to plan and prepare a healthy meal

In International, we'll be finding out:

- About a major global health problem
