

Year 2 - From A to B

The Big Idea

Every day people all over the world make different types of journeys – on land, on sea and in the air. To make these journeys we have invented lots of different ways of getting from A to B.

In Geography, we'll be finding out:

- How we travel to school
- How to make maps to record our journey to school
- How to create our own train journey
- How we can travel to different countries
- How to create our own activity holiday

In History, we'll be finding out:

- About transport in the past
- How to make a timeline to show when different types of transport were invented
- About exploring different types of transport from myths and legends

In Art, we'll be finding out:

- How to create our own futurist painting to capture the speed and movement of transport
- How to create a boat collage in the style of Turner and Monet

In Science, we'll be finding out:

- How to make our own sail boats and aeroplanes

In Technology, we'll be finding out:

- How to make a 'vehicle' to transport a small toy from one place to another
- How to make plans for vehicles
- How to test our vehicles to see how well they work

In Music, we'll be finding out:

- About the sounds different types of transport make
- How to create our own 'sound journey'

In Society, we'll be finding out:

- How to cross roads safely
- About bicycle and road safety
- About people with restricted mobility

In ICT, we'll be finding out:

- How to create a simple algorithm
- How to program Bee-bots to follow precise instructions
- About multi-player online gaming and how to stay safe online

In International, we'll be finding out:

- How children around the world travel to school
