Visitors from Guadeloupe

This week we welcome in school 6 teachers from Guadeloupe. This is a hugely exciting opportunity for our school as we embark on the Erasmus+ Project – “Songs, Stories and Science from Marsh, Coast and Sea.” The children will be participating in a whole range of language and cultural enrichment activities throughout the week, as we embrace the culture of our partner schools whilst celebrating and sharing our own unique culture and heritage. The week will culminate with a traditional Afternoon Tea on Thursday – selected children will be drawn at random to attend this. Once the visit is complete, we will create a page on our website so we can share with you all the activities and experiences.

Junior Online Safety Officers (JOSOs)

This year’s JOSOs have now completed their official training and will be working with last year’s JOSOs on a programme of missions targeted to enhance all aspects of e-safety both at school and at home. Their first mission relates to “screen time”. Keep an eye on the JOSO section of the school website for further updates.
