## Parking/Access Arrangements

In June 2015 we undertook a full consultation regarding the parking and access arrangements of the school site. From this we established an important set of criteria that indicated when and how it was appropriate for parents/carers to access the school site in their cars. Following a number of observations it is clear that these need reiterating. It is of vital importance **all parents and carers take note of the following criteria** – should this not be followed we will have no choice but to **restrict all access to the school site**

Please ensure you adhere to the following arrangements:

- **No parking is available on the school site at any time during the school day.** The current number of parking spaces are fully allocated for staff parking and any visitors we may have in school. We have one disabled parking bay available - please contact school if further disabled access is required.
- Children can be dropped off quickly on the school site in the morning. Cars must not be parked and left – school buses have been blocked from entering/exiting the site.
- **No car access for parents/carers is allowed between 3pm and 4pm.** This enables coach access during the busiest period at the end of the school to take full priority. Signage is in place.
- The Entry and Exit system must be adhered to. **Under no circumstances should anyone enter the school site through the exit gate.** Signage is in place
- **It is not necessary for anybody to walk through the car park,** this is dangerous and even more so with children. Please use the appropriate paths provided.
- **Under no circumstances should the large gates be used for pedestrian access. Personnel gates are available at both sides of the school site.**

**School has no jurisdiction beyond our boundary,** however we respectfully request all parents/carers adhere to the road safety markings, as well as not dropping off in the entrance and exit gates. **We will continue to work with LCC and the police to report anyone driving/parking in a dangerous and unsafe manner. Having spoken to the police today they have asked us to pass on the registration details of any car we see parked unsafely or illegally.**

Thank you in advance for your support with this. The core reasoning behind all these actions is the health and safety of everyone who uses our school site, especially the children.

Yours sincerely

Mr P Floyd  
Headteacher

**Attendance = Achievement**
