December 2019

Governing Body Report on Progress

The **Governing Body monitor the progress of the school** against key priorities through the School Development Plan Steering Committee (SDPSC). We meet with Mr Floyd termly to **challenge the progress** of the School Development Plan and **support school management** to ensure all objectives are met.

We **reviewed the School Development Plan with Mr Floyd in November**; analysing this year's objectives and key areas for improvement.

The current School Development Plan links areas of improvement to the areas monitored by Ofsted:

- Effectiveness of leadership and management
- Quality of education
- Personal development
- Behaviour and attitudes
- Effectiveness of early years

Key improvement areas for 2019-20 include:

- Continuing global partnership and enrichment work – This includes an application for full International School Award accreditation
- Reviewing the curriculum across school – “Intent, Implementation and Impact”
- Implementing a new whole school scheme for Personal, Social and Health Education (PSHE)
- Embedding and further developing our whole school approach to Emotional Health and Wellbeing
- Revising assessment procedures across school to ensure we can maximise opportunities for children to achieve well across the full curriculum
- Ensuring we continue to work closely with partner schools across the Louth area and within the Kyra Teaching School Alliance

Throughout the year we will report on progress against these key improvement areas and all aspects of the SDP. Thus **keeping you informed of how we are holding the school to account**. We will inform you of our further monitoring once the SDPSC have next met in the Spring Term.

Thank you for your continued support.

The Governing Body of North Somercotes CE Primary School

Attendance = Achievement
