27<sup>th</sup> March 2020

Dear Parents/Carers

## Home Learning Update

*Please note: We have a section on Coronavirus on our school website [www.nspri.co.uk](http://www.nspri.co.uk). This includes **a latest news feed, all letters sent home, links to latest government guidance and information regarding home learning.** Please use this as your first point of access for information.*

### Home Learning

This continues to be available in the class section of the school website ([www.nspri.co.uk](http://www.nspri.co.uk)) or through the links in the coronavirus information section of the website. All material is now online only. It is important to use your perspective when working with your child. Each class teacher has given some guidance as to how much work to cover but you know your child. **Any shared learning you and your child complete should be a positive experience.** Break tasks down into small chunks, consider suitable reward systems at home and try to make the learning as enjoyable as possible.

Home Learning has been set until the Easter break. **Further work will be available from the original commencement of the summer term on Monday 20<sup>th</sup> April.** Please do not feel any pressure to complete work through the Easter HOLIDAYS.

### Twitter

Please share home learning by emailing pictures to [office@nspri.co.uk](mailto:office@nspri.co.uk) and we can share these through our twitter feed [@nspri.co.uk](https://twitter.com/nnceprischool). Why not get friends and family to follow us as well so we can see what everyone is getting up to? There may also be ideas that can be shared, there has certainly been some wonderful pictures to share and celebrate. These have included **baking, gardening, construction, arts, sports plus many more.**

### Contact Forms

These have been added to each classes section of the school website. This is a great way to send messages to your child's class teacher. **They are looking forward to hearing about what you have been up to** and are happy to answer some questions about home learning and give some advice, if required. Teachers will access these twice weekly as a minimum and will reply to all messages so please get in touch. **Please note this is intended for POSITIVE communication streams.** Hopefully, as well as supporting home learning, we can share, celebrate and maybe help motivate!

Once again thank you for your support during this challenging time and **we hope this information provides you with some reassurance** that despite school being closed we continue to be working with you in the best interests of your child and family.

Yours sincerely  
Mr P Floyd  
Headteacher

**Attendance = Achievement**
