18<sup>th</sup> March 2020

Dear Parents/Carers

## Home Learning Information

*Please note: We have added a section on Coronavirus to our school website [www.nspri.co.uk](http://www.nspri.co.uk). This includes **all letters sent home, links to latest government guidance and information regarding home learning**. Please use this as your first point of access for information.*

In the event of a forced school closure, families self-isolating and families social distancing we have prepared home learning resources. These can be found in the class section of the school website ([www.nspri.co.uk](http://www.nspri.co.uk)) or through the links in the coronavirus section of the website. **Please only complete these if you are unable to attend school for any of the reasons listed above.**

In most instances there is a lot of material online. It is important to use your perspective when working with your child. Each class teacher has given some guidance as to how much work to cover but you know your child. **Any shared learning you and your child complete should be a positive experience.** Break tasks down into small chunks, consider suitable reward systems at home and try to make the learning as enjoyable as possible. **You may also have skills we do not have – baking, gardening, construction, arts, sewing, music and sports plus many more. We encourage you to use these skills to support your child.**

All children have brought home a blank exercise book to record their work in. **There is no specific need to print out resources, the online materials simply provide a template for working.**

Initially we have **provided work to cover a minimum 2 week period.** In the event any periods of absence or school closure goes **beyond the Easter break we will add further learning opportunities online.** Within the Coronavirus section of the website are a number of web links to explore to further deepen the learning of your child and give them the opportunity to reinforce some basic skills. This list is not exhaustive.

If you have any questions please feel free to contact [office@nspri.co.uk](mailto:office@nspri.co.uk) and we can ensure that your question will be addressed by your child's class teacher or by myself.

Once again thank you for your support during this challenging time and **we hope this information provides you with some reassurance** should your child be unable to attend school for a significant amount of time.

Yours sincerely  
Mr P Floyd
