## Remote Learning Information

5<sup>th</sup> January 2021

Dear Parents/Carers

As we sadly embark on another period of school closure, our **remote learning programme will be mostly organised through Microsoft TEAMS**. Full information regarding this, including individual logins was sent out in named envelopes at the end of last term. The general information and technical guidance regarding this can be found on our school website. **If you require a reminder of your username and password please contact the school office.** Work will be available from this afternoon.

Work will be updated weekly and will cover **Maths, English and Topic work**. It can then be uploaded either through the class workbook or attached as a photo so class teachers can view the work and offer feedback. **Built into TEAMS is a chat facility so class teachers can be contacted should your child have any questions about the work.** Please read our Remote Learning Policy that can also be found on our school website to familiarise yourself with the **expectations of children, parents and staff**. If this is not followed correctly, we reserve the right to deactivate individual TEAMS accounts. All staff have been trained to use Microsoft TEAMS but please bear in mind when scaling up provision to this extent we may experience some technical difficulties. **We thank you in advance for your patience with this.**

**There is no specific need to print out resources;** the online materials simply provide a template for working. In some instances, there are also guidance videos to support the children with their learning. However, should you require any resources printed for you please let us know and we can prepare some hard copies for you to collect. If you require any blank workbooks or other learning resources, please get in touch. We also have a **limited supply** of iPads we are also able to loan.

If you have any questions please feel free to contact [office@nspri.co.uk](mailto:office@nspri.co.uk) or contact your child's class teacher by using the chat facility on Microsoft TEAMS.

Once again thank you for your support. We hope this information provides you with some reassurance and we will continue to do all we can to support children and families through this challenging time.

Yours sincerely  
Mr P Floyd  
Headteacher

**Attendance = Achievement**
